

	Amount for the year 2018	
	1000 Euros	1000 Domestic currency, if applicable
Of which amount of revenues generated from auctioning of allowances pursuant to Article 10 of Directive 2003/87/EC	262 961,235	0,000
Of which amount of revenues generated from auctioning of allowances pursuant to Article 3d(1) or (2) of Directive 2003/87/EC	2 646,000	0,000
Total amount of revenues from auctioning of allowances or equivalent financial value used for the purposes specified in paragraph 3 of Article 10, and Article 3d, paragraph 4 of Directive 2003/87/EC	201 181,000	0,000
Of which amount of revenues from auctioning of allowances used for the purposes specified in Article 10, paragraph 3 of Directive 2003/87/EC (if data are available for separate reporting)	0,000	0,000
Of which amount of revenues from auctioning of allowances used for the purposes specified in Article 3d, paragraph 4 of Directive 2003/87/EC (if data are available for separate reporting)	0,000	0,000
Total amount of auctioning revenues generated or the equivalent in financial value committed in years before generated and not disbursed in the years before the year and carried-over for disbursement in the year	0,000	0,000
Explanation on methodology used for currency exchange for the information provided in tables 1 to 5.	Committed amounts are only discriminated when different from disbursed amounts. The total of committed amount corresponds to the sum of disbursed and committed.	
Please provide the definitions used for 'commitment' and 'disbursement' as part of their report. Consistent definitions should be used across the tables.		

Purpose for which revenues were used	Short description	Amount for the year 2018		Status	Revenues pursuant to		Type of use	Financial instrument	Implementing Agency	Additional information
		1000 Euros	1000 Domestic currency (if applicable)		Article 3d	Article 10				
Support for Renewables (SEN)	Promote renewable energy through offsetting part of the extra total special regime generation from renewable energy sources in each year up to 100% of the extra cost, including the additional cost of production of renewable cogeneration in its renewable faction.	160 406,000	-	Disbursed	No	Yes	Development of renewable energies to meet the commitment of the Union to using 20 % renewable energies by 2020;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
ETS Management in Portugal	Administrative expenses of the management of the ETS in Portugal.	1 963,000	-	Disbursed	No	Yes	Coverage of administrative expenses of the management of the ETS scheme;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Portuguese Environment Agency (APA).
Promotion of low carbon technologies in vehicles.	Continuation of the implementation of measures to accelerate the environmentally more favorable traction energies, such as 100% electric traction, given its clear contribution to improving air quality, noise reduction and deceleration of the process climate change.	2 658,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Fund for the Public Transport Service.	Support for developing of actions and projects to promote use of public transport.	3 000,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Acquisition of new electricity charging spots (Eco.mob).	Support of the acquisition of new charging spots in order to expand the national charging network for the electric vehicles.	70,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Aquisition of new urban services electric vehicles.	Replacement of the polluting public vehicles by other with zero GHG emissions (electric).	1 303,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Living Labs (average size cities).	Adapting an urban space with local identity in order to become a space for testing, demonstration and appropriation of technological solutions integrated in a real context that promote the decarbonization of the experience in cities, through the integration of solutions in the domains, among others, of the transport and mobility, energy efficiency in buildings, innovative environmental services and promotion of the circular economy, in a logic of interaction between the municipality, knowledge centers, companies, industries and citizens. It aims to assert itself as a low carbon, resilient, accessible, participatory and connected environment.	4 497,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Public Administration Support Program for Electric Mobility (ECOMob).	Promotion of electric mobility in the public administration.	198,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Support of Agriculture and Forest Projects (IFAP).	Support of agriculture and forest projects that contribute for the carbon sequestration and reduction of the emission of Greenhouse Gases.	4500	-	Disbursed	No	Yes	Forestry sequestration in the Union;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Ministry of Agriculture (Rural Development).
Water Resources Project.	Support a set of flagship projects to adapt to climate change in the area of water resources at the interface with urban areas and / or incorporate good practices for adaptation to climate change, with a demonstrative and replicable character. In addition to the above, it is intended to promote the adoption of natural and structural solutions, using ecosystem services whenever possible, supporting emblematic projects of Adaptation to Climate Change.	6380	-	Committed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Portuguese Environment Agency (APA).
Water Resources Project.	Support a set of flagship projects to adapt to climate change in the area of water resources at the interface with urban areas and / or incorporate good practices for adaptation to climate change, with a demonstrative and replicable character. In addition to the above, it is intended to promote the adoption of natural and structural solutions, using ecosystem services whenever possible, supporting emblematic projects of Adaptation to Climate Change.	4 159,000	-	Disbursed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Portuguese Environment Agency (APA).
GEI2C (National Roadmap for Carbon Neutrality 2050).	Production of the National Roadmap for Carbon Neutrality in 2050 in order to proceed a deep decarbonization of the Portuguese economy until mid-century. This constitutes the Long Term Strategy for Portugal in terms of the Energy-Climate framework.	369,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Development of the ticketing system ANDANTE (TIP).	Development of an integrated ticketing system for the city of Oporto in order to promote the public service transportation.	150,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
MOBILE (technological upgrade and expansion of the network).	Technological update and expansion of the MOBILE network - charging spots for electric vehicles (2nd phase).	1 350,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
National Plan for Spatial Planning Policy (PNPOT).	Research on the needs required by the Adaptation to Climate Change to be framed in the PNPOT, which is the main legal instrument for Spatial Planning Policy.	172,000	-	Disbursed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Project for the re-housing of the Ria Formosa's fishermen.	Re-housing of the Ria Formosa's fishermen in order to promote the Adaptation to Climate Change, by retreat of houses in sensitive areas to coastal erosion and sea level rise.	250,000	-	Committed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Expansion Plan for Oporto Metro Transport	Expansion of the fast train network of Oporto.	1 355,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Metro do Porto SA.
Expansion Plan for Lisbon Metro Transport	Expansion of the subway network of Lisbon.	2 433,000	-	Disbursed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Metropolitan de Lisboa, E.P.E.
Rehabilitation as a Rule	The RCR project aims at the elaboration of proposals to adapt the building technical norms to the current requirements and specificities of building rehabilitation and environmental sustainability. The major goal is to increase the useful life of buildings, which will contribute to the reduction of GHG emissions, minimization of construction waste, reduction of raw material consumption, contributing to ensure the integration of climate purposes in the sectoral domains, stimulating the knowledge acquisition and innovation.	40,000	-	Disbursed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Land Use Cartography (COS-2015)	Review and update of the land use cartography of 2015, and compatibility with 1995 and 2010 cartography, namely for LULUCF accounting.	85,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of General-Diretorate of Territory (DGT).
Charging stations for electric vehicles in Universities Campi II	Implementation of a charging stations network in the University Campus (2nd phase).	75,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Charging stations for electric vehicles in Universities Campi I	Implementation of a charging stations network in the University Campus (1st phase).	79,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Circular economy projects and low carbon measures in Markets of Fresh Foods	Implementation of an action plan to promote circular economy and low carbon measures.	132,000	-	Disbursed	No	Yes	Other reduction of greenhouse gas emissions;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Industrial decarbonization projects.	Promotion of the Portuguese Industry decarbonization.	375,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Decarbonization projects of fluorinated gases.	Create support to promote the mitigation of fluorinated gas emissions through the adoption of refrigerants with lower Global Warming Potential (GWP), both in new and existing equipment, adapting the different solutions to the type of structure of the establishment, having as specific objectives, to support the anticipation of obligations contained in Regulation (EU) No 517/2014 of 16 April (Fluorinated Gas Regulation) and to encourage the implementation of the Fluorinated Gas Regulation as provided for in the National Program for Climate Change 2020/2030 (PNAC 2020/2030).	897,000	-	Disbursed	No	Yes	Other reduction of greenhouse gas emissions;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Protocol with Stichting Partnership on Sustainable Low Carbon Transport (SLoCaT) Foundation	"Protocol with the Stichting Partnership on Sustainable Low Carbon Transport (SLoCaT) Foundation, and others, essentially ensured Portuguese participation in the Fast Track for Transport Decarbonisation Project, which aims to define a set of strategic investments and public policy measures and strategies to accelerate decarbonisation of transport in order to achieve the objectives of the Paris Agreement. It articulates a set of tools for modeling decarbonization measures of all modes of transport and mobility of people and goods.	30,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Encouragement of a shift to low-emission and public forms of transport; Finance research and development in energy efficiency and clean technologies;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Transfer to Blue Fund.	The Blue Fund, created by Decree-Law No. 16/2016 of 9 March, is a financial incentive mechanism for the start-up of many activities related to the sea economy, including carbon sinks, energy efficiency in maritime transport and fisheries, renewable energy, new technologies and water use subject to public planning and management.	2 000,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Finance research and development in energy efficiency and clean technologies; Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Hazardous waste removal in São Pedro da Cova mines (Gondomar).	This project follows a situation when tons of hazardous industrial waste from the National Steelworks, were deposited in São Pedro da Cova. The project aimed at the total removal of the 125 thousand tons of hazardous waste deposited in the heaps of the former São Pedro da Cova coal mines, aiming to reduce / eliminate the degree of contamination and environmental hazard, as well as routing to the final destination appropriate to the characteristics of the waste. This waste contributes to the degradation of air, soil and water quality and can lead to damage to populations, the environment and biodiversity.	3 000,000	-	Disbursed	No	Yes	Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Landfill of Planalto Beirão restoration.	The "Planalto Beirão Landfill Damage Repair" project has the following objectives: a) Definitive Coverage of the Landfill Waste Mass, which includes the cleaning, removal and integral replacement of the high density polyethylene mesh (in an area, about 80,000 m2 of the final closure) with restoration of all mooring ditches destroyed by the 2017 fire and much of the leachate drainage network; b) Leaching Water Treatment System, which includes the repair of three catchment lagoons and regularization of the leaching water flow, c) The repair of the Leaching Water Treatment Plant (ETAL) with the replacement of the two Reverse Osmosis modules.	1 251,000	-	Disbursed	No	Yes	Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Clean Tagus river Action Plan	Implementing systems for monitoring, forecast and alert for water pollution in Tagus River, namely following episodes of droughts or water scarcity.	721,000	-	Disbursed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Rethinking Plastic Use project	Support to encourage companies to submit product redesign projects, material reengineering or incorporation of new substitute materials and to demonstrate their scalability to enable the development or implementation of solutions. Impact on reducing raw material consumption and reducing the production of disposable plastic waste from fossil sources, contributing to decarbonization and ensuring the integration of climate objectives into sectoral domains.	614,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Local administration circular economy	Support to local authorities to implement a circular economy.	648,000	-	Disbursed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-

Green Stamp in Music Festivals.	Support to music festivals promoters to implement low carbon and circular economy practices.	538,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Measures intended to increase energy efficiency and insulation or to provide financial support in order to address social aspects in lower and middle income house-holds; Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Purpose for which revenues were used	Short description	Amount for the year 2018		Status	Revenues pursuant to		Type of use	Financial instrument	Implementing Agency	Additional information
		1000 Euros	1000 Domestic currency (if applicable)		Article 3d	Article 10				
Environmental Education (SDG-2030).	Overall Purposes: contribute to the achievement of the 2030 Agenda Sustainable Development Goals, focusing namely in Climate Action.	1 620,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Extriorion of combustion points in rubble of Pejão-Germunde	The Pejão-Germunde heaps slowly burned as a result of the severe forest fires of October 2017, which struck the country in the Castelo de Paiva Municipality. Since then, the combustion of the heaps of coal has slowly spread underground, and has gradually assumed greater proportions, a situation that became more visible with the first rains of December 2017, with the corresponding increase in atmospheric emissions. This is a situation of force majeure, which required urgent intervention, of particular relevance and immediacy, in order to minimize these risks. The interventions allowed the combustion foci to be extinguished.	470,000	-	Disbursed	No	Yes	Other reduction of greenhouse gas emissions; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Mining Development Company (Empresa de Desenvolvimento Mineiro, S.A. - EDM).
Protocol for development of new ticketing systems of public transports in Lisbon Metropolitan Area, namely in apps.	The Protocol with OTLIS - Transport Operators of the Lisbon Metropolitan Region was intended to develop improvements to the existing ticketing system at AML, namely related to the issuance of integrated ticketing with apps.	250,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Transport Operators of the Lisbon Region (OTLIS).
Electric Mobility Support Program in Public Administration (Ecomob)	The 1st phase of ECOMOB implies the acquisition of a total of 170 electric vehicles.	635,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Project for the re-housing of the Ria Formosa's fishermen.	Re-housing of the Ria Formosa's fishermen in order to promote the Adaptation to Climate Change, by retreat of houses in sensitive areas to coastal erosion and sea level rise.	123,000	-	Disbursed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Charging stations for electric vehicles in Universities Campi II	Implementation of a charging stations network in the University Campus (2nd phase).	150,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Charging stations for electric vehicles in Universities Campi I	Implementation of a charging stations network in the University Campus (1st phase).	100,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Acquisition of new urban services electric vehicles.	Replacement of the polluting public vehicles by other with zero GHG emissions (electric).	1 704,000	-	Committed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Public Administration Support Program for Electric Mobility (ECOMOB).	Promotion of electric mobility in the public administration.	216,000	-	Committed	No	Yes	Encouragement of a shift to low-emission and public forms of transport;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Water Resources Project.	Support a set of flagship projects to adapt to climate change in the area of water resources at the interface with urban areas and / or incorporate good practices for adaptation to climate change, with a demonstrative and replicable character. In addition to the above, it is intended to promote the adoption of natural and structural solutions, using ecosystem services whenever possible, supporting emblematic projects of Adaptation to Climate Change.	6 380,000	-	Committed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of the Portuguese Environment Agency (APA).
Rehabilitation as a Rule	The RCR project aims at the elaboration of proposals to adapt the building technical norms to the current requirements and specificities of building rehabilitation and environmental sustainability. The major goal is to increase the useful life of buildings, which will contribute to the reduction of GHG emissions, minimization of construction waste, reduction of raw material consumption, contributing to ensure the integration of climate purposes in the sectoral domains, stimulating the knowledge acquisition and innovation.	200,000	-	Committed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Land Use Cartography (COS-2015)	Review and update of the land use cartography of 2015, and compatibility with 1995 and 2010 cartography, namely for LULUCF accounting.	120,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	Project in charge of General-Diretorate of Territory (DGT).
Support Adaptation to Climate Change (Aviso n.º 2434/2018).	To act on the level of vulnerabilities potentiated by climate change in the national territory, such as: prevention of forest fires and preparation for heat wave phenomena.	1 700,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Support Adaptation to Climate Change (Aviso n.º 2434/2018).	To act on the level of vulnerabilities potentiated by climate change in the national territory, such as: prevention of forest fires and preparation for heat wave phenomena.	865,000	-	Disbursed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Circular economy projects and low carbon measures in Markets of Fresh Foods	Implementation of an action plan to promote circular economy and low carbon measures.	900,000	-	Committed	No	Yes	Other reduction of greenhouse gas emissions;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Industrial decarbonization projects.	Promotion of the Portuguese Industry decarbonization.	1 000,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Decarbonization projects of fluorinated gases.	Create support to promote the mitigation of fluorinated gas emissions through the adoption of refrigerants with lower Global Warming Potential (GWP), both in new and existing equipment, adapting the different solutions to the type of structure of the establishment, having as specific objectives, to support the anticipation of obligations contained in Regulation (EU) No 517/2014 of 16 April (Fluorinated Gas Regulation) and to encourage the implementation of the Fluorinated Gas Regulation as provided for in the National Program for Climate Change 2020/2030 (PNAC 2020/2030).	1 000,000	-	Committed	No	Yes	Other reduction of greenhouse gas emissions;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Protocol with Stichting Partnership on Sustainable Low Carbon Transport (SLoCaT) Foundation	"Protocol with the Stichting Partnership on Sustainable Low Carbon Transport (SLoCaT) Foundation, and others, essentially ensured Portuguese participation in the Fast Track for Transport Decarbonisation Project, which aims to define a set of strategic investments and public policy measures and strategies to accelerate decarbonisation of transport in order to achieve the objectives of the Paris Agreement. It articulates a set of tools for modeling decarbonization measures of all modes of transport and mobility of people and goods.	50,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Encouragement of a shift to low-emission and public forms of transport; Finance research and development in energy efficiency and clean technologies;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Rethinking Plastic Use project	Support to encourage companies to submit product redesign projects, material reengineering or incorporation of new substitute materials and to demonstrate their scalability to enable the development or implementation of solutions. Impact on reducing raw material consumption and reducing the production of disposable plastic waste from fossil sources, contributing to decarbonization and ensuring the integration of climate objectives into sectoral domains.	1 000,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Local administration circular economy	Support to local authorities to implement a circular economy.	1 000,000	-	Committed	No	Yes	Adaptation to the impacts of climate change;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Green Stamp in Music Festivals.	Support to music festivals promoters to implement low carbon and circular economy practices.	600,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation; Measures intended to increase energy efficiency and insulation or to provide financial support in order to address social aspects in lower and middle income house-holds; Other reduction of greenhouse gas emissions; Adaptation to the impacts of climate change; Other domestic / EU uses;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
Environmental Education (SDG-2030).	Overall Purposes: contribute to the achievement of the 2030 Agenda Sustainable Development Goals, focusing namely in Climate Action.	1 969,000	-	Committed	No	Yes	Funding of research and development and demonstration projects for reducing emissions and for adaptation;	Financial Support Policy;	Secretary-general of the Ministry of Environment and Energy Transition	-
