Get prepared: Finding your top

Application form (Part A and B)

Proposals are submitted using the application forms available in the Submission System. The **application form** is structured in into two parts, Parts A and B:

- **Part A:** contains the structured Administrative Forms with data on the participants, legal declarations and contact persons (retrieved from the Submission System screens). It may also include some programme-specific questions.
- **Part B (the narrative part):** Technical Description of the project with the planned activities, work packages, costs, etc. (must be uploaded as PDF).

Part A is generated while entering the data into the Submission System; Part B need system; do NOT use the standard template from the Topic page).

Part B will also include annexes and supporting documents if required by the call con annual activity reports, etc.)

⚠ All participants can contribute to the parts, but it is the person from the co submit the application.

For programmes with specific security requirements, special instructions may appl protected zip file). For such programmes, detailed instructions will be available in the

Tasks of the Coordinator:

- Mandate: Make sure that you have the mandate of all participants to submit the
- Quality check:

Security, data protection and document retention

Your proposal and all the information received from you will be stored under **secure** o safeguards.

After the evaluation, we will keep the proposals for audit trail purposes (at least 5 year

Complaints about failed submission

After the evaluation, we will keep the proposals for audit trail purposes (at least 5 years for unsuccessful proposals and 10 years after project end for successful proposals and, possibly, longer if needed for controls, checks and audit purposes).

Personal data will be handled according to the standards set out in Regulation No 2018/725 and in line with the Portal Privacy Statement.

⚠ Please be aware that your proposal MUST NOT contain any classified information (Decision 2015/444 or national rules).

Access to proposals

The proposals will remain sealed and closed until after the call deadline.

However, in order to pion the evaluation process (organise translations, evaluation capacities, evaluators with specialist knowledge, etc.) we will ask you for permission to access to certain information already before:

- call title and topic for which the proposal is submitted
- title of your application, proposal abstract, keywords
- PICs of the participating organisations
- relevant panel (for proposals submitted to specific panels, e.g. Horizon Europe MSCA, UCPR).

⚠ A warning will inform you that the Granting Authority will be accessing this information and will give you the opportunity to refuse access.

Terms and Conditions for the Submission of Applications

Please read and accept this disclaimer to proceed with the creation of your draft proposal:

Proposal data

1. Confidentiality: Applications (and any additional information provided for the award) will be considered confidential and treated according to the same principles as those set out in the grant agreement. We may in particular have to share applications with other EU institutions and bodies in order to perform the pre-award checks required by the EU Financial Regulation. Please also be aware that we may have to publish the information contained in the Abstract/Short Summary in Part A. Please avoid adding any confidential information in that section.

2. Access to pre-registration data: Please be aware that certain information from the draft proposals will be accessed by us before the call deadline, in order to plan the evaluation. This concerns call ID, topic ID, type of action ID, participant identification code (PIC), project acronym, abstract, panel and keywords.

I agree that the pre-registration data becomes available to the European Commission services prior to call closure.

I wish that the pre-registration data does not become available to the European Commission services prior to call closure. (Applicants are advised to use this option only in well justified cases, as it hinders the planning of the evaluation process and the timely processing of proposals).

Technical requirements

3. Part B file format: Part B of the Application Form (Technical Description) must be uploaded as PDF (equivalent to Adobe Acrobat v5 or higher, with embedded fonts).

4. Part B page limits: Applications are subject to the page limits set out in the call conditions. Excess pages will be made invisible and not available to the evaluators. Mandatory annexes and supporting documents do not count towards the page limit.

5. Time constraints: Preparation and uploading of the files in the Submission System may take some time. Don't wait until the end. Problems due to last minute submissions (e.g. congestion, etc) will be entirely at your risk.

LIFE Programme – Application Forms (Part C – KPI)

Horizontal KPIs for all LIFE applicants (Mandatory to report on all the KPIs of this section).

Innovation

-

Is your project proposal developing, demonstrating and promoting innovative techniques and approaches? *

- Yes
- No

! This field is mandatory to report. Please select a value.

Governance

-

Is your project proposal improving governance through enhancing capacities of public and private actors and the involvement of civil society? *

- Yes
- No

! This field is mandatory to report. Please select a value.

Plans & strategies

-

Is your project proposal implementing key plans or strategies? *

- Yes
- No

! This field is mandatory to report. Please select a value.

Catalytic effect - Financial

Will your project trigger additional investments? *

- Yes
 No

! This field is mandatory to report. Please select a value.

Catalytic effect - Spatial

Will the results of your project be replicated beyond its intended geographical scope? *

- Yes
 No

! This field is mandatory to report. Please select a value.

Catalytic effect - Thematic

Will the results of your project be replicated (transferred) beyond its intended thematic scope? *

- Yes
 No

! This field is mandatory to report. Please select a value.

Catalytic effect - Societal ?

Will your project :

- a) Contribute to the development of new or existing national legislation, policies, regulations, incentives and voluntary commitments?
- b) Achieve a step-change in more effective compliance with and enforcement of Union environmental and climate legislation and/or in policy implementation?
- c) Achieve a step-change in awareness and support of environmental and climate matters?
- d) Establish a new macroregional or national model of cooperation (networking)?

*

- Yes
- No

Rio markers for climate, biodiversity and air quality

Please indicate if your proposal:

- Has climate change/ biodiversity/ air quality as their primary objective
- Has climate change/ biodiversity/ air quality as their secondary objective and provide substantial contributions to these objectives
- Does not contribute significantly to climate change/ biodiversity/ air quality
