Diretiva Single-Use Plastics (SUP)

De acordo com o n.º 5, do artigo 97.ºA do UNILEX, a partir de 1 de julho de 2021, a APA, I. P., publicita os resultados de gestão alcançados a nível nacional para cada fluxo específico de resíduos, até cinco dias úteis após a validação pela Comissão Europeia do reporte previsto.

O artigo 13.º da Diretiva (EU) 2019/904 (Diretiva SUP) prevê, de forma sumária, que os Estados-Membros têm de efetuar os seguintes reportes conforme estabelecido nas decisões indicadas:

Dados e informações	Base legal para reportar	Ano de referência	Primeiro reporte pelos EM até
Quantidades colocadas no mercado de: - copos para bebidas - recipientes para alimentos	**Diretiva SUP, artigo 13(a):** Os dados relativos aos produtos de plástico de utilização única enumerados na parte A do anexo que tenham sido colocados no mercado do Estado-Membro em cada ano, com vista a demonstrar a redução do consumo nos termos do artigo 4.º, n.º 1; Decisão de Execução 2022/162 da Comissão, de 4 de fevereiro de 2022, que estabelece regras de execução da Diretiva (UE) 2019/904 do Parlamento Europeu e do Conselho relativamente ao cálculo, verificação e comunicação da **redução do consumo de determinados produtos de plástico de utilização única e das medidas tomadas pelos Estados-Membros para atingir essa redução**.	2022	Fim de junho de 2024
Medidas adotadas para reduzir o consumo de: - copos para bebidas - recipientes para alimentos	**Diretiva SUP, artigo 13(b):** As informações sobre as medidas tomadas pelos Estados-Membros para efeitos do artigo 4.º, n.º 1. Decisão de Execução 2022/162 da Comissão	2022	Fim de junho de 2024
Recolha seletiva de garrafas de bebida SUP	**Diretiva SUP, artigo 13(c):** Os dados relativos aos produtos de plástico de utilização única enumerados na parte F do anexo que tenham sido objeto de recolha seletiva no Estado-Membro em cada ano, com vista a demonstrar o cumprimento da meta de recolha seletiva nos termos do artigo 9.º, n.º 1; Decisão de Execução (UE) 2021/1752 da Comissão, de 1 de outubro de 2021, que estabelece regras de execução da Diretiva (UE) 2019/904 do Parlamento Europeu e do Conselho no respeitante ao cálculo, à verificação e à comunicação de dados relativos à **recolha seletiva de resíduos de garrafas de plástico de utilização única para bebidas.**	2022	Fim de junho de 2024
Artes de pesca que contêm plástico: - quantidades colocadas no mercado - quantidades recolhidas seletivamente como resíduo	**Diretiva SUP, artigo 13(d):** Os dados relativos às artes de pesca que contêm plástico colocadas no mercado e aos resíduos de artes de pesca recolhidos anualmente no Estado-Membro; Decisão de Execução (UE) 2021/958 da Comissão, de 31 de maio de 2021, que estabelece os modelos para a comunicação dos dados e informações relativos **às artes de pesca colocadas no mercado e aos resíduos de artes de pesca recolhidos** nos Estados-Membros e para o relatório de controlo da qualidade em conformidade com os artigos 13.º, n.º 1, alínea (d) e 13.º, n.º2 da Diretiva (UE) 2019/904 do Parlamento Europeu e do Conselho	2022	Fim de junho de 2024
Conteúdo de material reciclado nas garrafas para bebidas SUP	**Diretiva SUP, artigo 13(e):** As informações sobre o conteúdo de material reciclado nas garrafas para bebidas enumeradas na parte F do anexo, com vista a demonstrar o cumprimento das metas estabelecidas no artigo 6.º, n.º 5; Decisão de Execução (UE) 2023/2683 da Comissão, de 30 de novembro de 2023, que estabelece regras de execução da Diretiva (UE) 2019/904 do Parlamento Europeu e do Conselho no respeitante ao cálculo, à verificação e à comunicação de dados relativos ao **teor de plástico reciclado das garrafas de plástico de utilização única para bebidas**.	2023	Fim de junho de 2025
Resíduos pós-consumo de filtros para produtos do tabaco	**Diretiva SUP, artigo 13(f):** Os dados relativos aos resíduos pós-consumo de produtos de plástico de utilização única enumerados na parte E, secção III, do anexo que tenham sido recolhidos nos termos do artigo 8.º, n.º 3; Decisão de Execução (UE) 2021/2267 da Comissão de 17 de dezembro de 2021 que estabelece o modelo para a comunicação de dados e informações sobre a recolha de **resíduos pós-consumo de produtos do tabaco com filtros e de filtros comercializados para uso em combinação com produtos do tabaco**	2023	Fim de junho de 2025

As tabelas das páginas seguintes demonstram o resumo dos reportes comunitários efetuados em 2026 relativamente a 2024, no âmbito da Diretiva SUP, em conformidade com os formulários publicados pela Agência Europeia do Ambiente.

Redução do consumo de determinados produtos de plástico de utilização única

	Light colour means voluntary field
	Dark colour means compulsory - see provisions that apply in specific cells

INDICATE HERE IF YOU ARE **REPORTING** BY **WEIGHT** OR **NUMBER**

Please specify whether you are reporting based on **weight** or based on **number**, both for Cups for beverages (CfB) and Food containers (FC).

You need to use the same metric that you used in the first reporting year

Cups for beverages (CfB)	Weight
Food containers (FC)	Weight

COUNTRY:	Portugal
REFERENCE YEAR:	2024

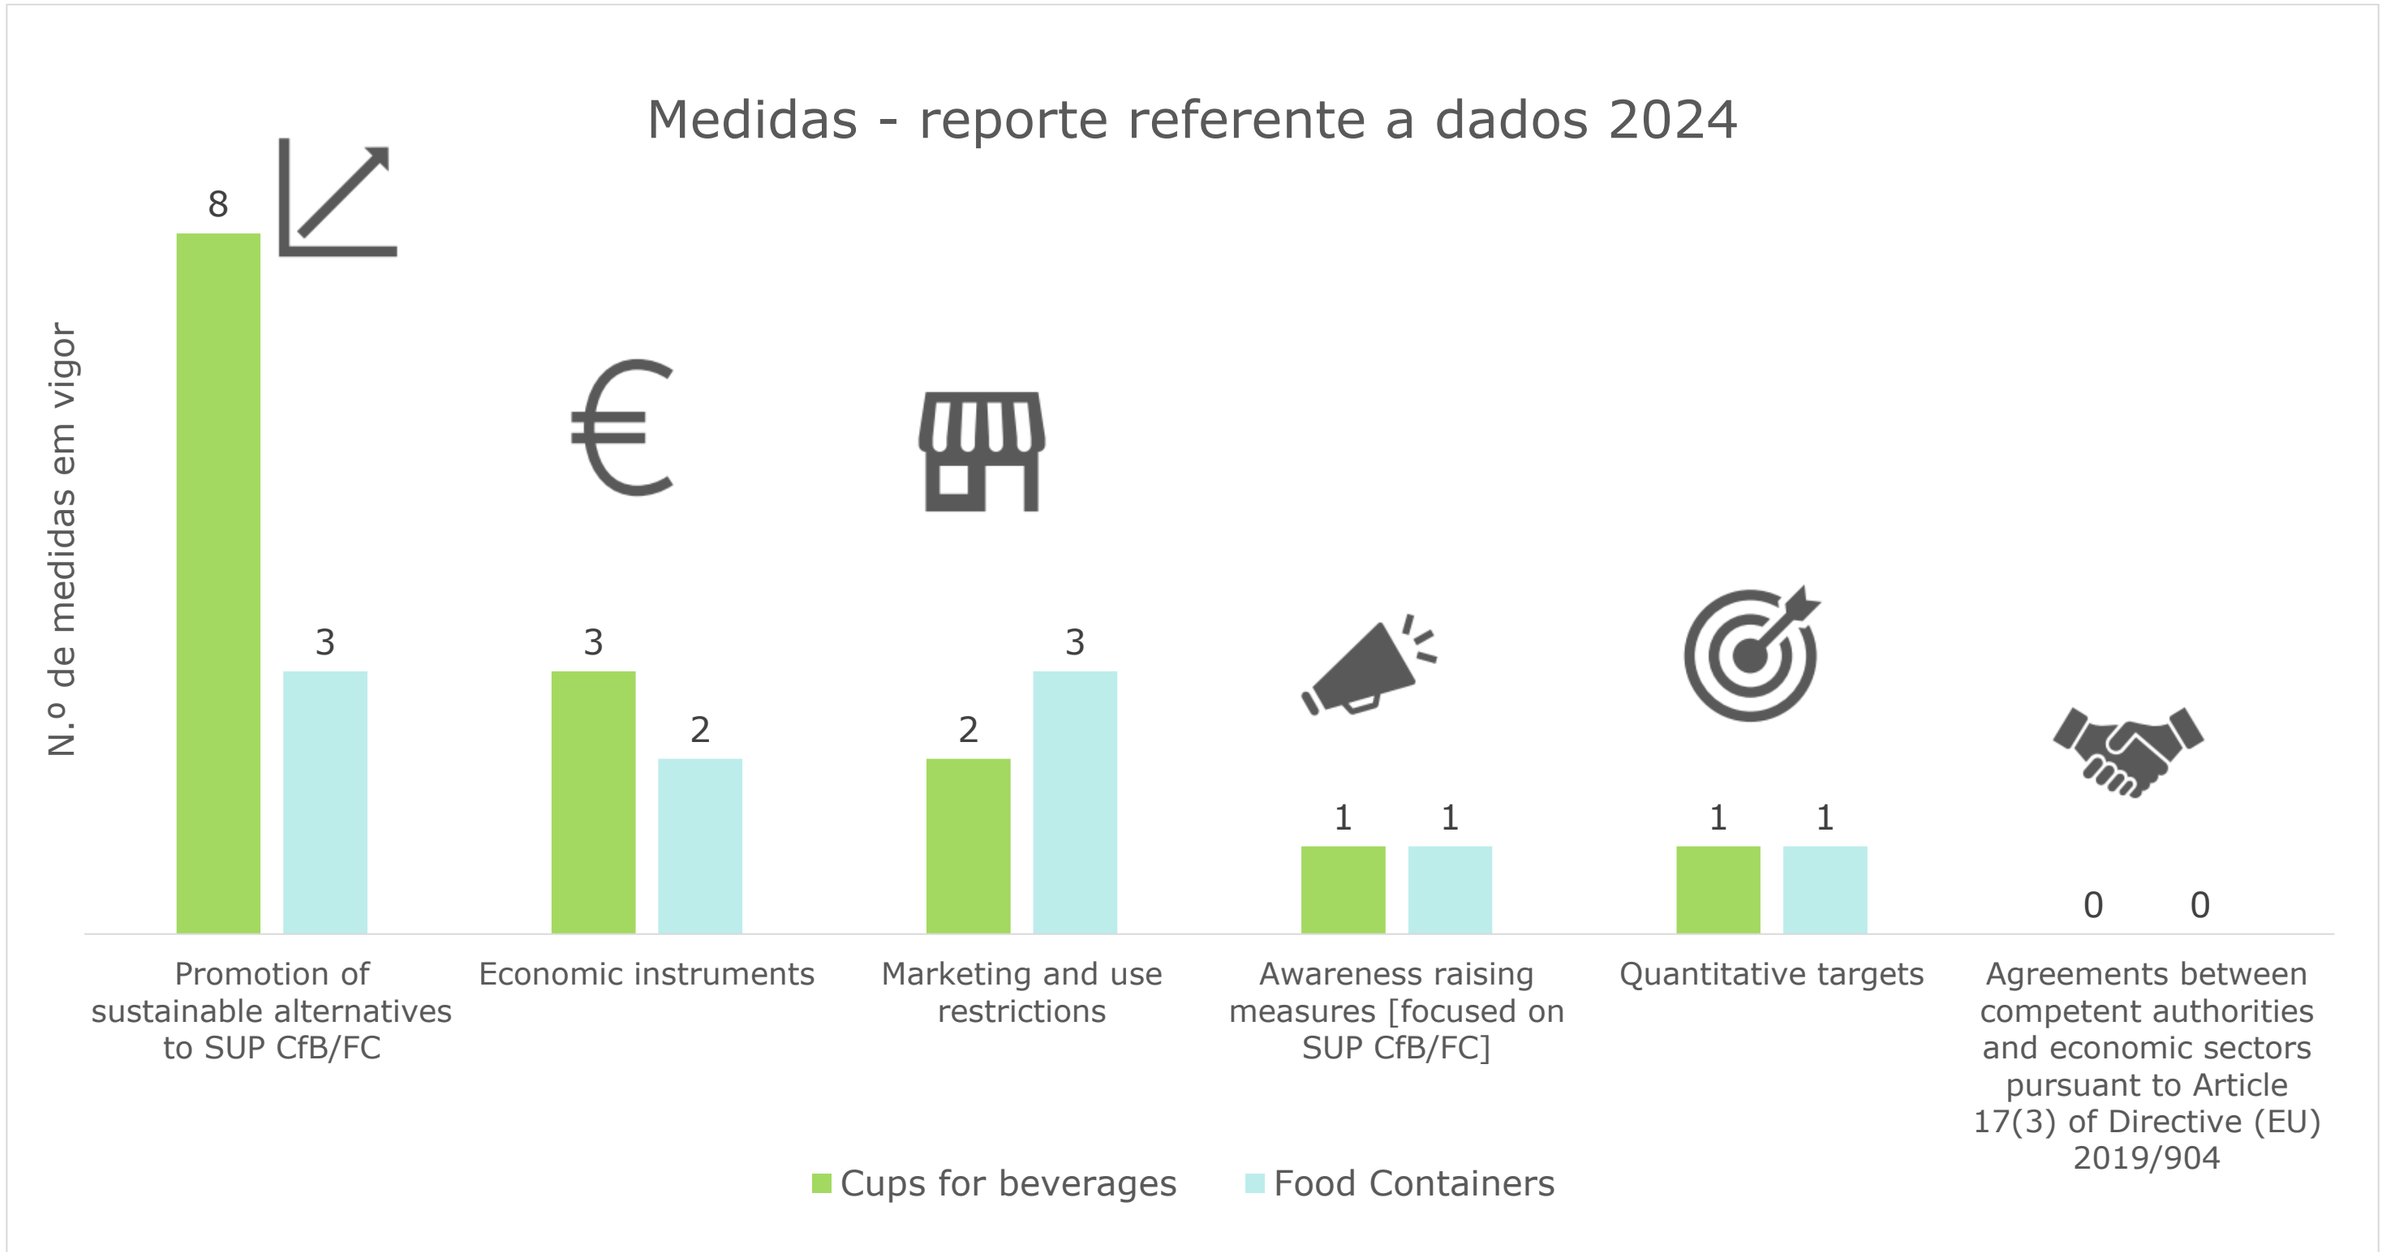
Implementing Decision (EU) 2022/162.
Annex II. Format for reporting of data on single-use plastic products placed on the market

Country	Year		Item	Placed on the market					
				Weight of plastic (tonnes) (1)	Weight of plastic (tonnes) - adjusted for movements (2)	Total weight (tonnes) (1)	Total weight (tonnes) - EU adjusted for movements (2)	Products (thousand units) (3)	Products (thousand units) - adjusted for movements (2)
Portugal	2024	Made wholly of plastic	**Cups for beverages**, including their**covers** and **lids**.	12246,43				710156,06	
Portugal	2024	Made wholly of plastic	**Food containers** made wholly of plastics, i.e. receptacles such as boxes, with or without a cover, used to contain food which a) is intended for immediate consumption, either on-the-spot or take-away, (b) is typically consumed from the receptacle, and (c) is ready to be consumed without any further preparation, such as cooking, boiling or heating, including food containers used for fast food or other meal ready for immediate consumption, except beverage containers, plates and packets and wrappers containing food.	5733,98				416790,98	
Portugal	2024	Made partly of plastic	**Cups for beverages**, including their**covers** and **lids**.	251,61		574,11		158386,17	
Portugal	2024	Made partly of plastic	**Food containers** made partly of plastics, i.e. receptacles such as boxes, with or without a cover, used to contain food which a) is intended for immediate consumption, either on-the-spot or take-away, (b) is typically consumed from the receptacle, and (c) is ready to be consumed without any further preparation, such as cooking, boiling or heating, including food containers used for fast food or other meal ready for immediate consumption, except beverage containers, plates and packets and wrappers containing food.	360,29		441,80		39035,73	

(1)	Provision of data is mandatory if a Member State applies the methodology laid down in Article 1(1), point (a), and may be adjusted in accordance with Article 1(3). Provision of data is voluntary if a Member State applies the methodology laid down in Article 1(1), point (b).
(2)	Where, in a certain Member State, the number or the weight of single-use plastic products placed on the market is not representative for the consumption of single-use plastic products in that Member State due to significant movements within the Union of single-use plastic products at wholesale level, that Member State should be allowed to adjust the weight or number in order to take account of such movements.
(3)	Provision of data is mandatory if a Member State applies the methodology laid down in Article 1(1), point (b), and may be adjusted in accordance with Article 1(3). Provision of data is voluntary if a Member State applies the methodology laid down in Article 1(1), point (a).

Medidas tomadas para atingir a redução do consumo de determinados produtos de plástico de utilização única

As tabelas da presente secção pormenorizam o reporte efetuado relativo às medidas tomadas para atingir a redução do consumo de determinados produtos de plástico de utilização única, concretamente, copos para bebidas e recipientes para alimentos, expressando, de forma sumária:



Copos para bebidas

Legend	Light colour means voluntary field. However, note that Member States are **required** to report here all measures undertaken even if not explicitly mentioned in the indicative list. There is no specific category or sub-category which needs to be covered.
	Dark colour means compulsory

Implementing Decision (EU) 2022/162.
Annex III.1. Measures to achieve reduction in the consumption of single-use plastic cups for beverages, including their covers and lids, referred to in Part A, point (1), of the Annex to Directive (EU) 2019/904 (SUP CfB)

Country	Year	Consumption reduction measures categories	Specification of the measure (sub-categories)	Measure in place in your country in the reference year (Yes/No)	Was this type of measure (category and sub-category) reported as in place in your country for reference year 2023 (last year's reporting)?	Is the measure reported this year the same reported last year?	Measure title	URL of the measure and background policy/regulation	Quantitative/ qualitative description of the measure	Entry into force of the measure	Legal nature of the measure (please select voluntary or mandatory)	Coverage of the measure (please select local, regional, national or other)	Main target group of the measure (please indicate producers, importers, vendors or consumers)	Additional target group of the measure	Sector concerned and the amount of actors subscribing to
Portugal	2024	Quantitative targets	Quantitative targets for reducing the share of SUP CfB placed on the market and made available to consumers.	Yes	Yes	Yes	National objectives to reduce the consumption of the single use products: cups for beverages and food containers for immediate consumption	https://diariodarepublica.pt/dr/detalhe/decreto-lei/78-2021-171871496	Reduction targets are set in terms of plastic mass contained on those products placed on the market: by 31 December 2026, a 80 % reduction in consumption compared to 2022; by 31 December 2030, a 90 % reduction in consumption compared to 2022 (Article 5 of Decree-Law no.78/2021, as currently worded)	2021	Mandatory	National	Producers	Importers	
Portugal	2024	Quantitative targets	Quantitative targets for increasing the share of reusable alternatives to SUP CfB placed on the market and made available to consumers	No	No	Not applicable					< Please select >	< Please select >	< Please select >	< Please select >

Implementing Decision (EU) 2021/1752
Annex II. FORMAT FOR THE REPORTING OF DATA

INDICATE HERE IF REPORTING BASED ON THE WEIGHT OF SUP BOTTLES PoM OR ON THE WEIGHT OF WASTE GENERATED

COUNTRY:	Portugal
REFERENCE YEAR:	2024

Please specify if you are reporting based on the default approach, i.e. **weight** of single-use bottles placed on the market, or based on the **weight of waste** generated from such products.

REPORTING BASED ON:	Weight of single-use bottles placed on the market

If your country reports based on the weight of single-use bottles placed on the market

Country	Year	I. Format for reporting of data calculated based on the methodology set out in Article 3 Table 1: Weight of single-use bottles in tonnes calculated in accordance with Article 3 (in tonnes)	
Portugal	2024	Weight of single use bottles **placed on the market** ($W_{BPM\ gross}$)	51290,43
		Adjustment of the weight of single-use bottles calculated in accordance with Article 3, paragraph 2	
Portugal	2024	Weight of single use bottles placed on the market that have been imported (from outside the EU) by operators ($W_{B\ in\ imported}$)	
Portugal	2024	Weight of single use bottles placed on the market that have been received from other Member States by operators ($W_{B\ in\ from\ other\ MS}$)	
Portugal	2024	Weight of single use bottles placed on the market that have been exported (out of the EU) by operators ($W_{B\ out\ exp}$)	
Portugal	2024	Weight of single use bottles placed on the market that have been moved to other Member States by operators ($W_{B\ out\ moved\ to\ other\ MS}$)	
Portugal	2024	Estimated weight of single use bottles placed on the market that have been exported (out of the EU) by natural persons for their own personal use ($W_{B\ out\ by\ natural\ persons}$)	
Portugal	2024	Estimated weight of single use bottles placed on the market that have been imported (from outside the EU) by natural persons for their own personal use ($W_{B\ in\ by\ natural\ persons}$)	
Portugal	2024	Estimated weight of single use bottles placed on the market that have been moved to other Member State by natural persons for their own personal use ($W_{B\ out\ moved\ to\ other\ MS\ by\ natural\ persons}$)	
Portugal	2024	Estimated weight of single use bottles placed on the market that have been moved from other Member State by natural persons for their own personal use ($W_{B\ in\ moved\ from\ other\ MS\ by\ natural\ persons}$)	
Portugal	2024	Weight of single use bottles placed on the market adjusted (W_{BPM})	Not adjusted

If your country reports based on the weight of waste generated

Country	Year	Weight of single-use bottles placed on the market determined on the basis of the weight of waste generated from such products calculated in accordance with Art 3, paragraph 3 (in tonnes)	
Portugal	2024	Weight of waste single-use bottles collected separately for recycling in accordance with the requirements set out in Article 2(4)(a) and (b) (TW_{SCB})	
Portugal	2024	Weight of waste single use bottles collected separately not in accordance with the requirements set out in Article 2(4)(a) and (b) ($W_{other\ SCB}$)	
Portugal	2024	Weight of waste single-use bottles collected as mixed municipal waste (W_{MSW})	
Portugal	2024	Weight of littered waste single-use bottles (W_{litter})

Annex 1.A. Format for the reporting of data on fishing gear containing plastic PLACED ON THE MARKET

Data is to be reported in weight (tonnes) – the quality check report must specify whether conversion factors have been used (e.g. from volume to mass).

COUNTRY:	Portugal
REFERENCE YEAR:	2024

(tonnes)

Country	Year		PLASTIC AND NON-PLASTIC (IN FISHING GEAR CONTAINING PLASTIC)				
			Total fishing gear (tonnes) (A+B+C+D+E)			Non-plastic parts of gear (2) (D)	Buoys, floats, ropes (E)
Portugal	2024	**Total**	4257,44			0,00	0,00

Country	Year		PLASTIC (IN FISHING GEAR CONTAINING PLASTIC)					
			Total plastic in fishing gear containing plastic and its components (tonnes) (A+B+C+F)	Net panels made of thick twine (1) (Diameter>1mm) (A)	Net panels made of thin twine (Diameter<=1mm) (B)	Other plastic-base gear or parts thereof (C)		Buoys, floats, ropes (F)
Portugal	2024	**Plastics total**	4257,44	4257,44	0,00	0,00		0,00
Portugal	2024	Polypropylene (PP)						
Portugal	2024	Polyethylene (PE)						
Portugal	2024	High moleular polyethylene (HMPE)						
Portugal	2024	Nylon						
Portugal	2024	Other (PET, PVC, HDPE, EVA, etc.)						
Portugal	2024	Mix of polymers		4257,44				

Country	Year		METALS (IN FISHING GEAR CONTAINING PLASTIC)				
			Total metal in fishing gear containing plastic and its components (tonnes) (G=I+J)			Non-plastic parts of gear (2) (I)	Buoys, floats, ropes (J)
Portugal	2024	**Metals total**	0,00			0,00	0,00
Portugal	2024	Steel					
Portugal	2024	Aluminium					
Portugal	2024	Lead					
Portugal	2024	Other metal or mixed metal					

			RUBBER (IN FISHING GEAR CONTAINING PLASTIC)				
			Total rubber in fishing gear containing plastic and its components (tonnes) (H=K+L)			Non-plastic parts of gear (2) (K)	Buoys, floats, ropes (L)
		Rubber total	0,00				

(1)	'Twine' covers all twines, strings, lightweight ropes, etc. whether they consist of one filament (monofilament) or multiple filaments that are twisted or braided together to form a single multi-stranded twine.
(2)	This may include metal weights, rubber rollers, escape devices/grids, etc.
